TRENTON, Ga. — We're thrilled to launch *Dade County: After the Meeting*, a new series sharing the most important updates from our Board of Commissioners' monthly meetings in a friendly, accessible way.

Every first Thursday of the month, our Board gathers in a public, open meeting—guided by transparency and structured according to Robert's Rules. You have always been invited to attend, watch, and weigh in. Now, we're bringing the key developments directly to you even more conveniently.

With *After the Meeting*, you'll see:

- **Clear takeaways**—summaries spotlighting what's approved, under way, or discussed.
- **Real context**—the “why” behind budget amendments, facility updates, and ordinance reviews.
- **A personal lens**—including direct quotes from your commissioners, illuminating their values and priorities.
- **What's next**—what these updates mean and how they impact our daily life in Dade County.

This is all about keeping you informed and engaged—helping you see how your county works, what decisions are made, and how your Board balances fiscal stewardship with community well-being.

Look for our summary of today's meeting [here](#) and find articles rising from each agenda item. We hope you follow along.

Warmest Regards,

Carey
